

## ***Grass and Weeds***

*The Town of Delmar requires property owners to maintain their sidewalks free of grass and weeds and to maintain the height of their grass below 6 inches in height. The Code Enforcement Officer will inform property owners by mail that are in violation of the Grass and Weeds Ordinance, and property owners are required to remove weeds or cut the grass within ten days of notification. If the property owner fails to comply, the Town will remove the grass from the sidewalk or cut the grass at the expense of the property owner.*
