

Sophia Oberton
WATER SUPERINTENDENT/SPECIAL PROJECT MONTHLY REPORT

June 2022

Water Superintendent:

- Met with Brian Lewis – Game Time and Mr. William about the playground equipment and ground at the west tot lot
- Postponed clean out of Blue Water tower due to 4 surrounding valves that will not close, hence the valve exercising program needs to be scheduled to start so this doesn't happen going forward
- Met with TK Construction to plan fixing 10 inch valve at Blue Water Tower
- Met with Josh and Sara about the LCRR and planning the inventory process of getting information from residents and gathering what we have as far as what type of pipes lead in and out of the service lines for the EPA deadline
- Daily water testing
- Completed monthly water report and sent to both state agencies
- Bac-T Sampling completed and taken to Delaware Health Dept.
- Completed the water testing weekend and monthly on-call schedule to be approved by town manager for 2023

Special Project Coordinator:

- Ordering plaques for Girl Scout tree planting
- Coordinating with Boy Scout to also be involved in Park Beautification
- Coordinating with Public Works to get fence and tot lot area ready for the beautification project

Training Hours: 24 hours
